

RIECO TITAN

Wireless Remote Controlled

ELECTRIC

CONVERSION KIT

Easily convert your Rieco-Titan or Atwood* mechanical four jack system to a powerful electric remote controlled system.

By popular demand, Rieco-Titan Products now offers a quick and easy conversion kit. Sit back, relax and enjoy the luxury and ease of our powerful, quiet, trouble-free 12 volt motor system. Kit includes transmitter, receiver, cord for wired operation, remote on/off panel, backup remote and 4 power heads, and hardware.

New

Backup remote included

Wireless Remote Control

- *Operates both wireless or wired
- *Wired operation alleviates battery worries
- *Press one button to raise or lower all jacks
- *15 minute auto shutdown
- *Coded security controls
